JOHN H. LIGHT

SECRETARY OF AGRICULTURE

Published bi-monthly by direction of the Secretary. Entered as second-class matter May 15, 1940, at the post office at Harrisburg, Pennsylvania, under the Act of June 6, 1900.

PENNSYLVANIA DEPARTMENT OF AGRICULTURE

Organization and Services

This Department is essentially a service agency created by legislative enactment to deal with administrative, regulatory, investigational and educational problems which can best be solved through public rather than individual action. The organization provides for coordination and cooperation with the Pennsylvania State College and the U. S. Department of Agriculture. The Department conducts the official Pennsylvania Egg Laying Contest, and operates through the following bureaus:

ANIMAL INDUSTRY:

Charged by law with the prevention, control and eradication of transmissible diseases of animals and poultry, including tuberculosis and Bang disease of animals in cooperation with the Federal Government.

Demonstrates to veterinarians, control methods for transmissible animal diseases.

Supervises vaccination for the prevention of hog cholera, anthrax, black leg, fowl pox and hemorrhagic septicemia.

Supervises and controls the sanitary conditions in slaughter houses and meat markets. Ante and post-mortem examination of food animals and inspection of meat and meat food products for conditions that might affect the wholesomeness for human consumption.

Inspects, licenses and furnishes information as to breeding, soundness and conformation of stallions and jacks standing for public service.

Enforces laws governing the sale and use of veterinary biological products.

Maintains laboratory for diagnostic research and experimental projects.

Enforces law requiring licensing of dogs and providing for protection of livestock and people from attacks of uncontrolled dogs; appraises and determines values of damages done by dogs; pays damages to owners for livestock and poultry.

Cooperates with and assists the practicing veterinarians in the supervision of the livestock at the State institutions.

Administers the law requiring licenses for livestock dealers and brokers.

Assists practicing veterinarians in diagnosing, correcting and preventing breeding difficulties in animals.

Inspects various classes of livestock at Community Sales.

PLANT INDUSTRY:

Tests agricultural seeds for purity and germination and enforces State Seed Law.

Inspects orchards, parks, farms, and plant imports for injurious insects and plant diseases.

Inspects and certifies Pennsylvania nurseries and all dealers in and agents for nursery stock.

Makes investigations for the control of injurious insects and plant diseases including field tests of insecticides, fungicides and weed killers.

Enforces laws governing agricultural practices, disease control and housing.

Places and enforces quarantine and carries on eradication campaigns against insect pests and plant diseases.

Inspects and certifies potatoes, small grains, peppers and tomatoes for seed purposes.

Maintains collections of insects, plant diseases, plants and seeds and identifies specimens.

Cooperates with the United States Department of Agriculture, in many phases of pest control.

FOODS AND CHEMISTRY:

This Bureau has a two-fold purpose, to wit, the protection of the public health and the prevention of fraud and deception in the manufacture, distribution and sale of food products.

It accomplishes its purpose of protecting consumers in Pennsylvania against adulterated, misbranded or harmful foodstuffs by sampling, analyzing and bringing prosecutions where warranted under the laws relating to foods, including milk, cream, butter, ice cream, eggs, sausage, fresh meats, non-alcoholic drinks, fruit, syrups, vinegar, and kindred food products.

It regulates, and issues licenses for, the manufacture and sale of oleomargarine.

It licenses and regulates egg-opening, carbonated beverage and still drink plants, bakeries, ice cream plants and cold storage warehouses and maintains periodic inspections thereof.

It protects honest manufacturers, importers, selling agents and ultimate users of feeding stuffs, fertilizers, lime products, linseed oil, paint, putty, turpentine, insecticides and fungicides, by means of annual registrations followed by inspections, analyses, prosecutions and the publication of the analyses of these products.

It analyzes special samples for residents of the State only at the rate of \$1.00 a sample for feeding stuffs and linseed oils and \$5.00 a sample for lime products.

MARKETS:

Investigates and assists in the marketing of farm products; chiefly fruits and vegetables, poultry, eggs and potatoes.

Compiles and distributes periodic marketing information.

Advises growers on transportation of agricultural products.

Assists cooperative associations, public markets and auctions.

Establishes standard grades of farm products and maintains inspection.

Supervises operation of the Pennsylvania Official Egg Laying Contest.

Enforces the Fresh Egg Law, the Manure Law, the Apple Marking Law, the Grape-Potato Marking Law and the Licensing and Bonding of Dealers handling agricultural products.

CROP REPORTING AND INFORMATION:

Assembles and disseminates essential statistics and facts pertaining to the agriculture of the State from monthly reports rendered by hundreds of volunteer crop correspondents, information which assists the producer in his sales and interests all industries which deal with agricultural products.

Cooperates with United States Agricultural Marketing Service in crop and livestock reporting and publishes summaries of the data, as follows: An annual "Crop and Livestock Report" giving county estimates; semi-annual reports on the pig crop; monthly national and state reports on crops or livestock, dairy and poultry products and prices received by farmers; special seasonal reports on potatoes, fruits, grapes, tobacco and truck crops; periodic reports on hatcheries, maple products and farm real estate, and occasional reports on turkeys, feeder cattle, farm income and the agricultural outlook.

Cooperates with the Weather Bureau and Agricultural Marketing Service in compiling and releasing a weekly weather and crop report throughout the growing season; and with the Department of Internal Affairs and the Agricultural Marketing Service in compiling and releasing an annual report of manufactured dairy products.

Conducts Department's editorial and publicity work including the publishing of the Weekly News Bulletin, official organ of the Department.

COMPTROLLER'S OFFICE:

Preparation of budgets covering anticipated expenditures by various functions, including State Farm Products Show. Estimation of receipts for fees, fines, licenses and miscellaneous revenue and controls accounting activities of Department in accordance with existing laws and policies.

Approves requests for purchases of material, supplies, equipment, machinery, paper, printing, etc., including motor vehicle supplies and repairs.

Audits all invoices and vouchers covering such purchases as to accuracy, proof of delivery and sees that a proper Bureau official has approved the quantity and quality of material or services. Similarly audits indemnities paid for condemned, diseased cattle, for chickens, sheep and cattle damaged or killed by stray dogs; also audits fees paid for killing and disposing of stray dogs. Audits invoices for real estate rentals, insurance, bonding, traveling expenses and utility charges.

Draws appropriation requisitions on State Treasurer for such expenditures; prepares Department salary payroll, audits wage rolls made out by various functions for hourly and per diem employees. Audits and transmits all checks to payees upon receipt from Treasury Department.

Keeps general control accounts for all expenditures, supplies proper officials with monthly reports of same and keeps special control of purchases, stock of material on hand, motor vehicle expenses, insurance, bonds, real estate, etc.

Transmits to Department of Revenue all receipts and keeps proper control accounts thereon.

Makes all statistical and comparative reports.
